31st Trinity sunday

*Date of event can move to different times in the month depending on Year. For example, Easter 's date is set as the first Sunday after a full moon, on or after the Spring (Vernal) Equinox. although in Australia, Easter is held during our Autumn (Autumnal) Equinox. Therefore, Easter, Lent, Pentecost, etc, move each year according to date of when the full moon occurs.
Dates in Purple are specific to the Aidan & Hilda Community
